Policy on Donor Confidentiality**

The Barth Syndrome Foundation (BSF) acknowledges the right of any donor to remain anonymous with respect to their donation to BSF. In recognition of this right, BSF hereby adopts this Policy on Donor Confidentiality requiring all written solicitations printed after this date to include some clear means by which a donor may indicate to BSF his/her desire to have his/her name and address kept confidential and made known only to those within BSF who have a legitimate need to know this information by virtue of their responsibilities. BSF, in turn, shall insure that the donor's wishes are respected. Exceptions to this policy include any and all instances in which BSF is required by law or court order to reveal the name and address of a donor.
